

## PEEL "SUNSET CITY"

A word of thanks to all members for producing photographs for the exhibition in Peel at the House of Manannan for our "Sunset City"

Two years in the making, all thought through and planned by Patricia. The display of prints, about 200 of them, all in themes and order has been made possible with Patricia's hard work, which is very much appreciated.

Thanks to the Manx National Heritage . The space was booked for the exhibition and with a few hitches leading right up to the opening, all went well, with Edmund Southworth from the MNH officially opening the exhibition.

The exhibition will be running until the second week in May.

Thanks to Tony and Doreen. Thanks to all who helped make it possible.

Dorothy.
